PROFESSIONAL SUMMARY

Software Engineering undergraduate with a strong academic background and hands-on experience in **software development, programming, and problem-solving**. Familiar with **object-oriented programming, data structures, algorithms, and web application development** through academic and personal projects. Proficient in applying **theoretical concepts to practical implementations**, including building, testing, and debugging applications. Demonstrates a strong willingness to learn new technologies, collaborate in **team-based development environments**, and contribute effectively as a **Software Engineering Intern**. Familiar with **Git, REST APIs, databases, and Agile development practices**.

CORE SKILLS

- **Backend Development –** MongoDB, JAVA, PHP, Node.js, JavaScript, SQL, Express.js, C++
- **Frontend Development –** React.js, Next.js, JavaScript, Html5/CSS, Tailwind CSS, Bootstrap
- **Technologies –** MERN Stack, Springboot
- **Mobile App Development –** Kotlin, JAVA, Android Studio
- **QA Testing –** Postman, SDLC, Test Case writing, Performance testing
- **Soft Skills –** Leadership, Team Work, Project Management, Critical Thinking, Communication, Problem Solving, Adaptability, Quick Learning, Experimenting
- **Version Control & Tools –** Git & GitHub, Jira

CERTIFICATIONS

- SLIIT Dean's List Award 1st Year 1st Semester (2024)
- SLIIT Dean's List Award 1st Year 2nd Semester (2024)
- SLIIT Dean's List Award 2nd Year 1st Semester (2025)
- SLIIT Dean's List Award 2nd Year 2nd Semester (2025)
- Web Design for Beginners – University of Moratuwa
- Front End Web Development – University of Moratuwa
- Python for Beginners – University of Moratuwa
- Python Programming – University of Moratuwa

UNIVERSITY & PERSONAL PROJECTS

Clinic appointment And Prescription Management System

- Developed a **Clinic Appointment and Prescription Management System** supporting appointment scheduling, prescriptions, lab workflows, pharmacy inventory, and **role-based access control**. Implemented **secure authentication**, responsive dashboards, doctor calendars, and appointment management features, with **data validation and logging** to improve system reliability, performance, and data accuracy.
- **MongoDB, Express.js, React.js, Node.js, JavaScript, HTML, CSS, GitHub**

Online School Information Management System

- Developed a centralized **Online School Information Management System** to manage student records, exams, timetables, admissions, and school events. Enabled access to **student profiles, academic and non-academic staff information, and extracurricular activity data**. Implemented **secure user authentication** and structured data handling to improve **operational efficiency and data accuracy**.
- **JAVA, HTML, CSS, SQL, GitHub**

SLIIT GPA Calculator For All Specializations

- Developed and deployed a **web-based GPA Calculator** for all **SLIIT specializations from 3rd year onward**, covering first- and second-year modules as well as compulsory and elective modules in later years. Implemented **CGPA and WGPA calculations** based on earned grades and completed credit counts, ensuring accurate academic evaluation.
- **MongoDB, Express.js, React.js, Node.js, JavaScript, HTML, CSS , GitHub**

Real Time Whiteboard Sharing App

- Developed a **real-time collaborative whiteboard application** enabling multiple users to create or join shared rooms and draw simultaneously. Implemented **user authentication**, room-based access with unique codes, and **live canvas synchronization** to support real-time collaboration and seamless multi-user interaction.
- **React.js, Socket.io, Rough.js, Node.js, Express.js, React Toastify, Bootstrap**

EDUCATION

- **SRI LANKA INSTITUTE OF INFORMATION TECHNOLOGY (SLIIT) |2023 – Present**

  - Bsc(hons) in Information Technology Specialization in Software Engineering (Undergraduate)
  - **Cumulative GPA – 3.89/4.00**
